DANIEL VEROVIC STUDIO

Welcome!

Once upon a time there was a very, very young ~~prince~~ man named Daniel Verovic. He once went to the **Akademie Mode & Design (AMD)** to study fashion journalism and media communication. At this extremely prestigious college, which was known throughout the whole country, he has sharpened his senses in the virtues of fashion, style, trends, design, and language. After fighting for more sophisticated web content and sense of style as a fashion journalist and chief editor of an online fashion magazine, he recognized his true dream: Daniel, who is lovingly called Dani by his closest friends and family, turned into an illustrator! (And that by his own efforts – without a fairy godmother or any “Bibbidi babbidi bu”.)

Today, Daniel, who by the way has Croatian roots, lives and works in Düsseldorf. In this fashion metropolis on the Rhine, he illustrates for publishers, companies, agencies, and magazines. These areas are as diverse as his work: fashion, beauty, lifestyle, graphics, comics, or children's books. He places importance on authentic and inspiring illustrations with high and timeless trend factor. Daniel loves sitting at his desk, bent over a rough sheet of watercolor paper, looking out the window with a cup of latte macchiato, and indulging in his day daydreams. He firmly believes in unicorns, the power of love, as well as in the good in man.

And he drew happily ever... well, you know!
